TEMP-GUARD[™]

SYNTHETIC HIGH-TEMPERATURE GREASE

DESCRIPTION

TEMP-GUARD™ is a high quality synthetic grease for high-temperature applications. It contains both graphite and molybdenum disulfide to give the product both lowfriction and extreme-pressure capabilities. synthetic fluid in this product provides exceptional lowtemperature flow characteristics as well as hightemperature stability. Its inherent oxidation resistance is enhanced with high-temperature carbon further controlling antioxidants. There are no polymers to build viscosity or viscosity index. This unique feature results in a reduced tendency to coke or form varnish deposits in high temperature applications.

TEMP-GUARD contains no organometallic additives that would decompose at elevated temperatures reducing the lubricative characteristics of the product. The excellent friction and wear properties are a result of a carefully balanced package of the synthetic lubricant, molybdenum disulfide, and graphite.

- Synthetic oils and additives
- High flash point
- Excellent low temperature properties
- Nonmelting
- High film strength with low coefficient of friction
- Low volatility for less smoke and odors
- Color–Black

APPLICATIONS

- Plain and anti-friction ball and roller bearings
- Kiln bearings
- Crushers
- Crane ladles
- Press and hammer guides
- High temperature blowers, fans and oven conveyors

FOR APPLICATIONS: -10°F (-23°C) to 600°F (204°C)

PRODUCT CHARACTERISTICS

Thickener Non Soap

Fluid Type PAO & Synthetic Ester Color/Appearance Black Smooth Grease

Dropping Point (ASTM D-566) None Specific Gravity 1.00 Density (lb/gal) 8.3

Additive Type Graphite & MoS₂ Flash Point (ASTM D-92) >600°F (316°C) Autoignition Point (CALCULATED) >680°F (360°C)

NLGI Grade 1½
Penetration @77°F (ASTM D-217) 285 - 315

Copper Strip Corrosion 1A (ASTM D-4048)

4-Ball (ASTM D-2596)

Weld Point, kgf 400
Load Wear Index 50
Wear Scar Diameter (ASTM D-2266) 0.7
Oxidation Resistance (ASTM D-942)
PSI Drop. 100 hours <10

PSI Drop, 100 hours < Base Oil Viscosity (ASTM D-445)

cSt @ 40°C 100 - 150

PACKAGING

Code No.	Container	Size Container
31850	14 oz.	Cartridge
31805	1 lb.	Can
31806	5 lb.	Can
31816	35 lb.	5 Gal. Pail
31824	120 lb.	15 Gal. Drum

LIMITED WARRANTY

Jet-Lube, Inc. makes the Limited Express Warranty that at the date of delivery this product shall be free from defects in Jet-Lube, Inc. materials and workmanship.

This Limited Express Warranty is expressly in lieu of any other express or implied warranties, including any implied warranty of merchantability or fitness for a particular purpose, and of any other obligation on the part of Jet- Lube, Inc.

The sole remedy for breach of the Limited Express Warranty shall be the refund of the purchase price. All other liability is negated and disclaimed, and Jet-Lube, Inc. shall not be liable for incidental or consequential damages.
